closet, and almost everywhere else, you can picture a deflated and roll up iSUP.

REASON # 3: Quick to carry inflatable paddle boards

Rigid paddle boards require costly accessories for transportation, such as roof racks and trailers. Yet inflatable boards can be tossed into any vehicle's rear seat or trunk.

REASON # 4: Paddle boards that are inflatable are more durable

In comparison to rough SUPs prone to dings and cracks, properly designed paddle board are practically bomb resistant. iSUPs are immune to ding and can endure serious violence. Which makes them an perfect alternative when it comes to longevity. Our iSUPs are designed for maximum resilience, rigidity and reliability with the best inflatable paddleboard design currently on the market.

REASON # 5: Travel-friendly are inflatable SUPs

Go for an island vacation, where would you like to paddle? You can roll-up and check in the rest of your baggage with an inflatable [SUP](#). You can paddle around the world without worrying about costly rental fees for paddle boards!

The best inflatable paddle board

REASON # 6: Lighter are iSUPs

Inflatable SUPs keep getting lighter and lighter. For children and those with trouble managing heavy, lengthy hard paddleboards, this makes them the ideal alternative. Inflatable SUPs are incredibly easy to bear without any assistance even when completely inflatable.

REASON # 7: More flexible are inflatable SUPs

Inflatable SUPs can be used for a wide range of paddling and conditions. From SUP fitness to surfing to whitewater fishing (check here [fishing paddle board](#) tips)! iSUPs can handle anything you can throw on them.
